

HUNDREDS OF APPLICATIONS + TRAFFIC LIGHT QUALITY SYSTEMS

Manufacturing

Box Labelling

Garden Centres

The TUFF TAGG red, amber & green traffic light I.D quality system can be easily integrated into a new or your existing quality system with the colours being clearly defined as

- Red - scrap parts, quarantine, requires repair
- Amber - being repaired, awaiting inspection
- Green - OK for dispatch, tested, ready for production, meets quality standards

Plumbing & Electrical

Traffic Light Systems

Laundries / Post Bags

You can also have your logo engraved onto the Tuff Tagg for an additional fee. Please contact us for details.
